

# MATERIALS LIST

## **Overhead projector**

You can find new and used overhead projectors in e-Bay, Amazon, .Craigslist, the classifieds, or office and school supply stores

Office supply stores may also have them for rent

we found one for rent in a hardware store- cheap.

I received mine as a gift, it's an outdated thing and many schools and teachers were giving it away

. Or **Digital Projector** – If you have one

~ **Spare lamp for** the projector

**Transparencies** for overhead projector or inkjet printer

(in the US you have 3M and Apollo and maybe more brands)

**Permanent pen** thin

**2 – 4 canvases** 80x60 cm or 70x100cm  
or something like- 27x40 inch or 30x24 inch

**Pencils**- HB2 or HB3 (for tracing the image onto the canvas and demos for the kids)

**Acrylic paints**- heavy body ( the usual, simple paints)

Basic list

Ultra marine blue or any dark blue you find

Light blue- sky color

Lemon yellow

Three tons of green- dark, medium ,light

Yellow ocher

Nude or skin tone- these tend to be transparent so I recommend getting a better quality paint.

Titanium white

Red -Cadmium red (warm red)

Rose red (cold red good for mixing purples)

Red oxide

Burnt Siena

Black

#### Extra colors

Gold

Orange

Darker yellow-chrome or Diarylide yellow

Turquoise

Crimson

Any other color you would like

#### **Color extender**

A cheap brand or

Golden Acrylic Glazing liquid (Satin)

#### **A verity of brushes**

Large- for priming the canvas

Thin round- For details, like eyes and lips.

a verity of sizes -Mostly Filbert and flat brushes

Most kids prefer soft hair brushes.

**Plastic** or wooden **knives** to get the paint out of container and mix colors. -Can be reused.

**Easel**

**Rugs – to dry the brushes**

**Paper towels**

**Wet Rugs**-Like wet ones -For erasing paint and more

**Water jars**

**Chair – To place the canvas on while tracing**

**Large brush**
